

Galaxy® G4867

Galaxy® G4867

Galaxy® G4867 is recommended for R134a, refrigerant blends and compressor lubricants as a suction line in air conditioning systems for heavy-duty trucks.

Performance + Specs

Meets or exceeds the performance requirements of:

- **SAE J2064, Type C Class I**

Inner Tube

CR (Polychloroprene) Black

Reinforcement

Single-braid polyester

Cover

Chlorobutyl Black

Temperature Range

-22°F / -30°C ~ 257°F / 125°C

Key Features

4:1 Safety Factor

Air conditioning

Branding

Galaxy® by ContiTech 4867-Size 8 SAE J2064 Type C Class I 13/32" (10.3 MM)

Galaxy® G4867
